Dear Parents/Guardians

Key Stage 3 Maths Tutoring Intervention Scheme

I am writing to inform you that your son/daughter has been selected to take part in a peer tutoring intervention scheme to support their progress in maths. This will give them the opportunity to achieve their full mathematics potential.

We would ask if you could support them in attending their tutoring sessions, which are arranged during their tutor times on Friday in the maths department. This will allow your child to receive specialist support in a small group setting, specifically practising the skills they need to achieve their target.

Additionally, we would really appreciate it if you could encourage your child to stay focused in their maths lessons and revise at home using hegartymaths.com, mymaths.com or by buying a key stage 3 revision guide to help assist us in supporting them achieve their potential.

If you have, any further questions then please do not hesitate to email your child's teacher or Miss Ironside on sironside@brookeweston.org.

Yours sincerely

P Kirkbride
Principal
